

Verification of SHOCKVIEW program

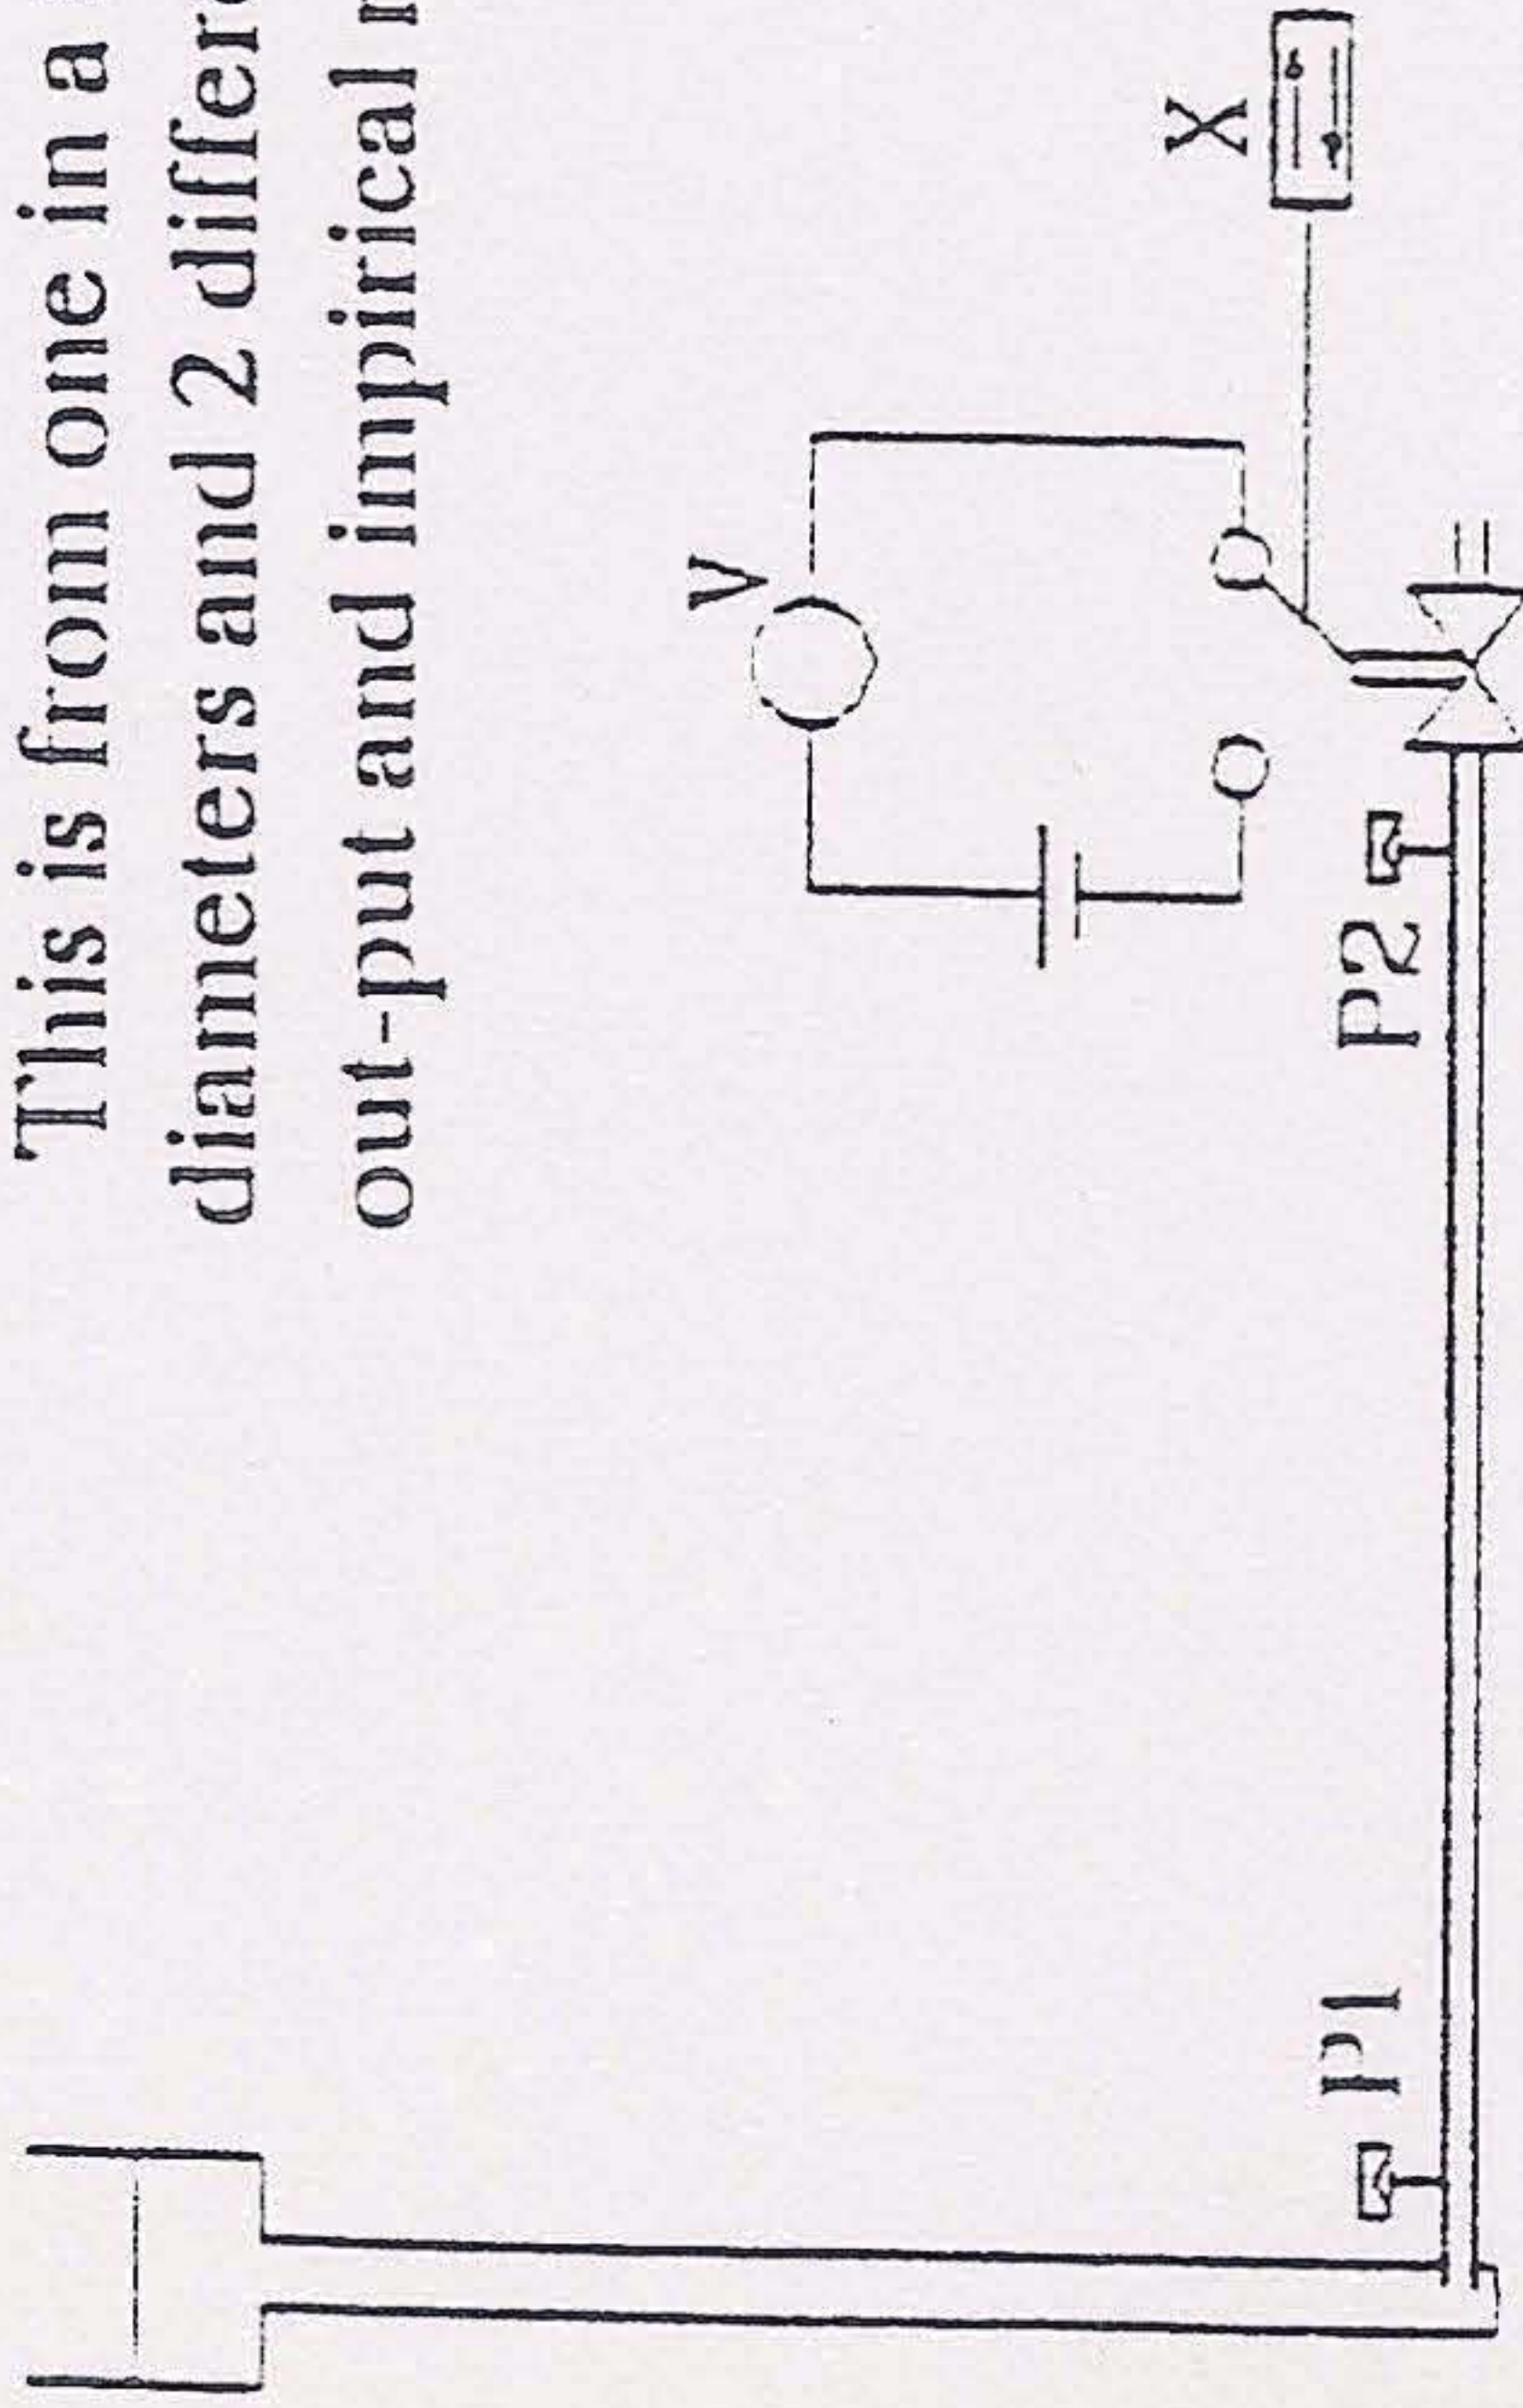

Plot : 130 test results against shock prediction by

LDI SHOCKVIEW .

This is from one in a series of tests . The series of tests covered 10 different pipe lengths. 2 different pipe diameters and 2 different pipe materials (moduli of elasticity) . No greater variation between program out-put and empirical results were found .

If you can find any other program that has such powerfully accurate capability we would like to hear about it please.
